TRAINING LEAD

- Foundational Agile
- Intro to Scrum
- Intro to Kanban
- Retrospective Workshop
- User Story Mapping Workshop
- Product Owner Workshop
- OKR Workshop
- Agile People Manager Workshop

VIRTUAL OR F2F LEARNING

Movement trumps sitting

Different trumps same

Talking trumps listening

Shorter trumps longer

Images trumps words

Writing trumps reading

Movement trumps sitting

Different trumps same

Talking trumps listening

Shorter trumps longer

Images trumps words

Writing trumps reading

Movement trumps sitting

Different trumps same

Talking trumps listening

Shorter trumps longer

Images trumps words

Writing trumps reading

Movement trumps sitting

Different trumps same

Talking trumps listening

Shorter trumps longer

Images trumps words

Writing trumps reading

Movement trumps sitting

Different trumps same

Talking trumps listening

Shorter trumps longer

Images trumps words

Writing trumps reading

Movement trumps sitting

Different trumps same

Talking trumps listening

Shorter trumps longer

Images trumps words

Writing trumps reading

Movement trumps sitting

Different trumps same

Talking trumps listening

Shorter trumps longer

Images trumps words

Writing trumps reading

The background is a solid light purple color. Overlaid on this are several large, overlapping circles in various shades of purple, from dark to light. A thin, vertical white line is positioned to the right of the text.

Learning Outcomes

We should NOT write learning outcomes using "learn", "know", "understand"

We should NOT write learning outcomes using "learn", "know", "understand"

By the end of this class participants will...

Understand this...

Learn that...

Know this and that...

We should write learning outcomes with focus on observable behaviors

We should write learning outcomes with focus on observable behaviors

By the end of this class participants will...

Create this...

Identify that...

Present this and that...

Discuss that

Teach people what they need to know

Take aways

- Think about movement and making it different
 - Create shorter learning segments and use images
 - Make participants write and talk
 - Don't write learning outcomes using "learn", "know", "understand"
 - Start with the end in mind (focus on observable behaviors)
 - Teach people what they need to know
